Frese, Justin Andrew :

Johnson, Emma Rose :

Kenemer, Caroline Hope :

Lammens, Robert G :

Lepez Da Silva Duarte, Noe : *

Frese, Justin Andrew: Did part C along with two others, to communicated well with others and made sure he had a part in writing part c of the lab.

Johnson, Emma Rose : Made sure that we had a plan for the lab report and that everyone had a part to complete right after the lab for part c, communicated well with the 2 others who were in charge of writing up part c.

Kenemer, Caroline Hope : Missed the last lab but asked early about the plan for the lab report and what we had done in part 3, wrote the introduction early, and waited until everyone was done to write the conclusion to ensure she wouldn't miss anything.

Lammens, Robert G : Did part C along with two others, communicated well with the team, seemed to want to meet with everyone on Sunday, but the team decided against it as not everyone was done with their work, and the sections looked fine

Lepez Da Silva Duarte, Noe : Wrote part A prior to anyone doing any progress on the group portion. Completed my parts first and communicated with the group about how and when to submit the lab. Wanted to submit the lab myself, but let Emma take care of it as she was planning to work until later in the evening of Sunday. Asked her to make sure not to forget the grading rubric in the first pages of the lab.

All in all, I gave everyone a 10 as I believe everyone had a good part in writing the lab,
